## **Memorial Page**

The Georgetown Fair is an annual reunion of friends and neighbors. The Georgetown Fair, as are all county fairs, is a holdover from an earlier day in our country. Fairs were held as a means of exhibiting livestock and produce, for the exchange of agricultural goods from one family to another, as a form of healthy competition between communities, counties, and friends. They blossomed as social events and a place for people to enjoy their friendships.

The Georgetown Fair is steeped in the tradition of county fairs. The 2023 Georgetown Fair mourns the passing during the past year of some true friends of our fair. Among these friends who have been called from us this past year are: Lee Sherman, Carl Hall, Richard “Coach” Powell, Jeannie Delmotte, Max Call, Warren Sprouls, Bev Garrard, “Jerry” Winland, “Sonny” Phillips, George Spang, Jerry Biggs, “EJ” Leasure, Gary Lickfett, Marcia Lenhart, and Betty Pollman.

To the families of all our friends who left us during the past year, the Georgetown Fair offers its most sincere condolences. It is the intent of the Georgetown Fair Association to present, in memory of our departed friends, the best fair possible. We shall do our best to make the 2023 fair special in memory of these friends.

# History of Georgetown Fair

Starting in 1931, carnivals and street fairs were held in Georgetown, IL. The first official fair was held in 1938. It is believed that the efforts of Georgetown High School Ag teacher J.C. Murphy and Ag instructor Prof. Nelson C. Smith resulted in the first Georgetown 4-H fair and Livestock Show. Records from 1939 indicate key individuals in organizing the fair were C.E. Spang, Louis Hedges, Herbert Parks, Grover Blayney, RF Dukes, Carrol V. Crawford and Prof. Nelson C. Smith. The 1939 fair had 5 divisions of horses, dairy cattle and poultry, as well as vegetables, grain and a home economics division. The home economics division consisted of fancy work, floral, canning, baking, oil painting and a high school division.

Others played a vital role in the early years of the fair. Fred Brown, Richard Graves, Albert Humrichous and their wives and Mrs. Stella Frazier were instrumental in developing the early fairs.

Early fairs were spread around the town. Fair departments were displayed in various buildings in town. A building along N. Main St., which later housed the plastics factory, and the basement of the high school on W. west St. were two of the early places for fair exhibits. Livestock tents were pitched in the vacant lots on the North side of W. West St. which later became the Dyke's Edition to Georgetown. The carnival occupied either the city square or the city park which was formerly Terrell's Woods.

In 1948, the Georgetown Fair was recognized by the Illinois Department of Agriculture as an official county fair, thus making it eligible for funds from the premium fund. The fair was eligible to receive up to \$6,000, a portion of which was to be set aside for acquiring grounds for exhibits.

1954 was a turning point in the history of the Georgetown Fair. It was the only year without a scheduled fair. However, planning was underway. Permission was requested from the state to receive funds for the next year. A land purchase was undertaken seeking the first 12 acres and then an additional 5 acres. The fair was incorporated on July 22, 1954, as the Georgetown Agricultural Fair Association. The remaining funds were turned over by the old fair board of directors to a new elected group lead by Hubert Myers as president. The original land was purchased from Paul Bonebrake just east of the city park. Later, additional acreage was

purchased from the Sheliko family to bring the total to approx. 38 acres. A land fund was created with land donors gifting \$100 towards the purchase. There were 45 original land donors and later an additional 37 donated. Several donors contributed more than once. The land was purchased for \$600 per acre.

State funds from a rehabilitation fund allowed for \$26,600 worth of building projects on the new fairgrounds in 1955. The north Home Ec. Building, the beef barn, and swine barn were built. 1955 was also the start of a newer type of entertainment. Previously music, band concerts, dances and horse mule pulling were typical entertainment. 1955 brought a tractor pull and tractor rodeo.

While 1955 might be considered the biggest year in our fair's development, the years from 1956 to 1972 were building years as well. The late 50's brought the south Home Ec building, the sheep and dairy barns, a new fence and over 100 hand dug and transplanted trees. The 1960's yielded the poultry building (now Roy Ramert Ag-o-Rama building), the grandstands, the extensions to the beef and sheep buildings, and the food building.

Two of the biggest impact items from the 60's was the start of the modern queen contest in 1960 and the 1<sup>st</sup> demolition derby in 1969. Both have been successful events now spanning into their 7<sup>th</sup> decade.

The early 1970's brought the building phase to a halt for a few years. The food building was enclosed in 1970 and the goat barn was completed in 1972. These buildings finished the nucleus of the fairgrounds.

Entertainment and attractions were mainstays of the 1970's and 1980's. From Festus, Loretta Lynn and Tanya Tucker to the Oak Ridge Boys and Randy Travis, the Georgetown Fair was building a tradition of bringing solid talent on the front side of their careers to Vermilion County. Additionally, in the early 1970's, the Golden Wedding Day celebration and the Outstanding Young Citizen program were started to honor two key demographics, the golden generation and our youth-the future.

1990 brought likely the biggest future star to Georgetown, Garth Brooks. From a building standpoint, two additions were added to the D.L. VanBuskirk Arena, originally constructed in 1989. The balance of the 90's was focused on building upkeep and operational efficiency. Our

buildings were aging and the task of replacing roofs, one at a time was underway. Additionally, an overhaul of our electrical systems, helped to support our increasing needs. The purchase of our own complete sound system set the stage for annual savings that would lead to future building. In the mid to late 1990's, we initiated a corporate sponsorship program to cooperate with key businesses and individuals in the area.

The new millennium brought us a major hail storm damaging all of our new roofs and grandstand light fixtures. That proved to be only a temporary setback, as 2001 brought a completely new fence to replace the 40+ year old woven wire fence. Then in 2002, after applying for an Illinois FIRST Grant submitted by State Senator Judy Myers, the Georgetown Fair received a \$100,000 grant for the Banquet and Conference Center. The ground was broken in 2003 and the Banquet and Conference Center was dedicated in time for the 2006 fair. This was a major undertaking relying on hundreds of hours of volunteer help.

2008 was started with our Queen Molly Reeves being crowned Miss Illinois County Fair Queen. Molly was our first state queen and represented not only Georgetown, but all of Illinois well for the entire year.

Finally, in 2010, we planted more trees, now fifty-two years after the first trees were planted. A large parking lot was added for the banquet center in 2011. A comprehensive emergency response plan was developed and implemented for the 2012 fair. In 2014, a new ladies restroom facility was completed.

This short chronology shares the highlights of a 75 plus year tradition which is now enjoyed by the 5<sup>th</sup> generation of one of our fair founders. It would be impossible to list all building activities and progress over the past 80 years. To recognize all the individuals that have contributed to our success and growth would be a daunting task. A thank you to those individuals seems like too subtle a gesture for all they have done. The current board of directors will be forever indebted to all those people.

The greatest building over the past years has been the building of friendship and memories. The Georgetown Fair has made an impact on the lives of many. Thanks for a great 83 years. We look forward to more!

## **ALL LIVESTOCK EXHIBITORS MUST READ AND AGREE TO THE FOLLOWING CODE OF ETHICS**

IAFE

(INTERNATIONAL ASSN. OF FAIRS AND EXPOSITIONS)

### ***NATIONAL CODE OF SHOW RING ETHICS***

Exhibitors or animals at livestock shows shall at all times deport themselves with honesty and good sportsmanship. Their conduct in this competitive environment shall always reflect the highest standards of honor and dignity to promote the advancement of agricultural education. This code applies to junior as well as open class exhibitors who compete in structured classes of competition. This code applies to all livestock offered in any event at a livestock show. In addition to the "IAFE National Code of Show Ring Ethics", fairs and livestock shows may have rules and regulations which they impose on the local, county, state, provincial and national levels.

All youth leaders working with junior exhibitors are under an affirmative responsibility to do more than avoid improper conduct or questionable acts. Their moral values must be so certain and positive that those younger and more pliable will be influenced by their fine example. Owners, exhibitors, fitters, trainers and absolutely responsible persons who violate the code of ethics will forfeit premiums, awards, and auction proceeds and shall be prohibited from future exhibition in accordance with the rules adopted by the respective fairs and livestock shows. Exhibitors who violate this code of ethics demean the integrity of all livestock exhibitors and should be prohibited from competition at all livestock shows in the United States and Canada.

The following is a list of guidelines for all exhibitors and all livestock in competitive events:

1. All exhibitors must present, upon request of fair and livestock show officials, proof of ownership, length of ownership, and age of all animals entered. Misrepresentation of ownership, age or any facts relating thereto is prohibited.
2. Owners, exhibitors, fitters, trainers, or absolutely responsible persons shall provide animal health certificates from licensed veterinarians upon request by fair or livestock show officials.
3. Junior exhibitors are expected to care for and groom their animals while at fairs or livestock shows.
4. Animals shall be presented to show events where they will enter the food chain free of drugs. The act of entering an animal in a livestock show is the giving of consent by the owner, exhibitor, fitter, trainer and/or absolutely responsible person for show management to obtain any specimens of urine, saliva, blood, or other substances from the animal to be used in testing. Animals not entered in an event which culminates with the animal entering the food chain shall not be administered drugs other than in accordance with applicable federal, state, and provincial statutes, regulations and rules. Livestock shall not be exhibited if the drugs administered in accordance with federal, state, and provincial statutes, regulations and rules affect the animal's performance or appearance at the event.

If the laboratory report on the chemical analysis of saliva, urine, blood, or other sample taken from livestock indicates the presence of forbidden drugs or medication, this shall be prima facie evidence such substance has been administered to

the animal either internally or externally. It is presumed that the sample of urine, saliva, blood, or other substance tested by the approved laboratory to which it is sent is the one taken from the animal in question, its integrity is preserved and all procedures of said collection and preservation, transfer to the laboratory and analysis of the sample are correct and accurate and the report received from the laboratory pertains to the sample taken from the animal in question and correctly reflects the condition of the animal at the time the sample was taken, the burden on the owner, exhibitor, fitter, trainer, or absolutely responsible person to prove otherwise at any hearing in regard to the matter conducted by the fair or livestock show.

5. At any time after an animal arrives on the fair or livestock show premises, all treatments involving the use of drugs and/or medications shall be administered by a licensed veterinarian.
6. Any surgical procedure or injection of any foreign substance or drug or the external application of any substance (irritant, counterirritant, or similar substance) which could affect the animal's performance or alter its natural contour, confirmation, or appearance, except external applications of substances to the hoofs or horns of animals which affect appearance only and except for surgical procedures performed by a duly licensed veterinarian for the sole purpose of protecting the health of the animal, is prohibited.
7. The use of showing and/or handling practices or devices such as striking animals to cause swelling, using electrical contrivance, or other similar practices are not acceptable and are prohibited.
8. Direct criticism or interference with the judge, fair or livestock show management, other exhibitors, breed representatives, or show officials before, during, or after the competitive event is prohibited. In the furtherance of their official duty, all judges, fair and livestock show management, or other show officials shall be treated with courtesy, cooperation and respect and no person shall direct abusive or threatening conduct toward them.
9. No owner, exhibitor, fitter, trainer, or absolutely responsible person shall conspire with another person(s) to intentionally violate this code of ethics or knowingly contribute or

cooperate with another person or persons either by affirmative action or inaction to violate this code of ethics. Violation of this rule shall subject such individual to disciplinary action.

The application of this code of ethics provides for absolute responsibility for an animal's condition by an owner, exhibitor, fitter, trainer or participant whether or not he or she was actually instrumental in or had actual knowledge of the treatment of the animal in contravention of this code of ethics.

10. The act of entering an animal is the giving of consent by the owner, exhibitor, fitter, trainer, or absolutely responsible person to have any disciplinary action taken by the fair or livestock show against such individuals published in any publication of the International Association of Fairs and expositions, including *Fairs and Expositions* and any special notices to members.
11. The act of entering of an animal in a fair or livestock show is the giving of verification by the owner, exhibitor, fitter, trainer, or absolutely responsible person that he or she has read the IAFE National Code of Show Ring Ethics and understands the consequences of and penalties provided for actions prohibited by the code. It is further a consent that any action which contravenes these rules and is also in violation of federal, state, or provincial statutes, regulations, or rules may be released to appropriate law enforcement authorities with jurisdiction over such infractions.

## NOTE TO BREEDERS

The Georgetown Fair Association has made every effort to provide a purebred show for every breed. It is the responsibility of the purebred breeders representing a specific breed to provide sufficient numbers of animals to make it economically feasible to show each breed as a separate unit. The Georgetown Fair Livestock Committee prefers to show each breed as a separate show. However, this committee reserves the right to move any breed not presenting adequate numbers of animals for a representative "breed show" into an "all other breed" competition. This decision, when made, is final and is made totally at the discretion of the Georgetown Fair Livestock Committee.

At the discretion of the livestock committee, a breed not designated to be shown as a separate breed, may be removed from A.O.B. classification and shown in its own breed show, if animal numbers exist.

The Code of Ethics for Livestock Exhibition will be enforced. It is strictly prohibited to use any foreign substance in preparing any animal for the show ring.

Notice: It is mandatory for all out of state livestock to provide a "Permit to Enter" certificate provided by the Illinois Dept. of Agriculture before exhibition in the State of Illinois (Call 217-782-4944 for details)

# MISS GEORGETOWN FAIR 2022

## *Brylie Smith*

To my amazement, on August 8, 2022, I was named your Miss Georgetown Fair Queen. What laid ahead was a future full of uncertainty and a year of a lifetime I will never forget. To say it was a shock to me and everyone in the crowd is an understatement but here I am almost a year later telling you all my goodbyes. Before I exit this most wonderful year representing this county and fair, I want to share with everyone just how special this role was to me.

Fair week hit me like a train, the busyness, the late nights, all the events, but what I quickly learned was

how close the Georgetown Fair board is to family; they know how to treat me like royalty. Whether it was a quick trip to a venue for a drink, a photo shoot, or a golf cart ride, the fair board was always ready to assist their queen. In the blink of an eye, fair week was over, but my connection with the fair board remained stronger than ever. Their support continued to flow as I started my senior year of high school. Here I am today, a soon graduating senior, still receiving the same love as I did on day one. So, to my amazing fair board, thank you, for an amazing year. I have been truly blessed to represent the best County Fair in Illinois. You have made your queen feel like one special girl.

To my two pageant directors Karen and Jill, as I am sure you have heard the same from your past queens, this year would not have been possible without you. Your dedication to this organization inspires many, including me. My goal this year was to break out of my shell and realize my true potential, the two of you did just that, and brought out the best in me. You taught me how to communicate, how to listen, how to love, and how to learn. Reminiscing on our events, practices, and McDonald's trips always puts a smile on my face. Behind all the smiles and laughs was true exhaustion at times, this year was not for the weak; when I was tired, you were tired but your company always made it better. I might never be able to put the right words together that express my love and appreciation I have for you women, you both are a best friend and pageant director all in one. Thank you for allowing me to spend the year with you; you truly are the best pageant directors a queen could ever ask for.

And to my Vermilion County community, all the thank you's I could say would never quite cover how

grateful I am for you. Coming into a year full of so much uncertainty is scary yet exciting, but you took me in as your own and showed me what it means for a community to come together as one. From my crowning moment, to my final goodbyes, you were there for it all. I thank everyone for following my journey, for all the people who have taught me valuable information, and all the fond memories you have given me. A special thing this community has taught me this year is the importance of appreciating agriculture. I have never been one to truly understand agriculture, but this past year has given me many opportunities to further my agriculture knowledge, something I can keep with me for years to come.

Now that it is time to take off my crown for the last time, I look back on everything I have experienced with such gratitude. I am so very proud to say I am and always will be your 2022 Miss Georgetown Fair Queen Brylie Smith.
